

Fighting hunger. Feeding hope.

In 2024, local families faced tough choices between food, medicine, rent, and other essentials. The need in our service area has grown significantly, with more people facing hunger and food insecurity than ever before. Thanks to our community's generous support and an on-going fundraising campaign to build a new campus—we will soon be better equipped to meet the rising demands.

Dear Food Bank,

My brother and sister and I want to thank you all for your hard work. My sister and brother have never had gifts and food like you have blessed us. I had treats when I was small, but my mom and dad couldn't afford extras but you have let them try them. Thank you for feeding my family and the extra treats. My Nana says that we are special to get those treats and I agree.

Thank you so much.
